

Oregon Tradeswomen's Annual Career Fair Student Conduct for Success at the Fair

FOR STUDENTS

- ALL school campus rules apply at the Fair.
- Wear closed-toe shoes (not sandals) and dress for weather (layers) and physical activity (your clothes may get dirty).
- Use the Fair as an opportunity to learn about new career options and to practice interacting with prospective employers.
- Be courteous to presenters and exhibitors and ask questions.
- If you have questions about where you should be or where something is, look for one of the "YOU are HERE" signs, or ask adult leaders in your group or a Fair Volunteer.
- No Smoking.
- No cell phone use unless authorized by your group leader.
- Stay with your group at all times.
- **Have fun! Learn about your future options!**

FOR TEACHERS AND CHAPERONES

- Please keep your students with you at all times. We have changed the Fair format this year to allow you and your students the flexibility to choose which workshops, exhibits, and interactive exhibits you want to visit, but PLEASE STAY TOGETHER AS A GROUP.
- Please encourage your students to behave respectfully at all times. When visiting the exhibits, ask students to speak with exhibitors and ask questions, especially if they would like the candy or free goodies on their tables. (We ask that they don't take from the tables unless they have spoken to the person working that table.)

Thank you for your consideration, and have a great time at the Fair!
